

Dear parents and carers

Welcome to the resource pack for our sports afternoon on Wednesday 1st July. Your child/children can take part in athletics activities along with children from across the 4 schools who are learning from home. The top 3 boys' and top 3 girls' results will be put forward with other children from all over North Yorkshire in a county wide virtual competition.

Please use the resources in this pack to set up your own activities, record your scores and send your completed form to your class teacher. There will also be some sport themed maths and writing activities to get your children in a sporty mood for the afternoon.

The main aim of this, is to get children active and to have fun! Please do not worry if your activities look different to the pack or you find them difficult, as long as everyone is having fun and being active.

If you have any questions or queries please contact you class teacher, or get in touch with me at cirons@ravensworth.dalesmat.org.

Many thanks

Corey Irons
